f. Here is the information Student Government has thus far considering the new schedule changes.
   Classes will be held:
   Monday and Friday mornings
   Monday and Wednesday afternoons
   Monday, Wednesday, and Thursday evenings
On Friday, class will be done by 12:15 unless you are an education major (classes will be in the afternoon) or Freshman (some Freshman Seminar Classes will meet at 1pm). Tuesday nights and Wednesday mornings until 1pm are free times for organization events/meetings, as well as other university-sponsored activities. Athletic teams will be allowed to have practices during the Wednesday morning slot. Lunch periods will be extended from 30 minutes to 45 (running from 12:15 to 1pm). In general, all athletic teams' practice times should remain the same. It was acknowledged that the Track Team may run into some difficulties because of their practice schedule (since they have to share the track with other schools). The anticipated release date for the schedule is Monday, March 20. Students will have 2 weeks to meet with their academic advisor, and scheduling will be available on-line and in-person.

Until the schedule is officially released, this information should be considered possible to change and/or review. All official announcements and information can only come from the university directly, and this email should not be considered policy. If you have any additional questions, please don't hesitate to contact us, and we'll do our best to get your questions answered.

g. After this was explained students still expressed concerns on the following issues:
   i. The coaches are telling players something completely different, and most of it seems to be coming out negative when it is being explained to the athletes. It seems to the players that scheduling practices is going to fall on to the students shoulders. To find a time that works for the majority.
   ii. Also it was brought up that with having no Tuesday night classes, and no Wednesday morning classes Tuesday night will be come the new bar night. And it is only another reason for students to drink on Tuesday nights, because they can sleep in on Wednesday.

LXIX. Advisor Comments (any questions or concerns about the comments below, contact Kristi Campbell at KCampbell@tiffin.edu).

a. Just a reminder to everyone that this coming weekend is Family Weekend, and I would like to encourage everyone to come. It is going to be a really great time, and there are still tickets available for the International Dinner. So if you are interested please e-mail me or come see me in my office.

b. Also I know that Kade sent an e-mail out to Organization Presidents, and to the members about the Art Miles Project, but I would like to mention it again to everyone and encourage groups, or organizations to do panel for the Mural. The panels are to be in the theme of “Promoting World Peace”. If you are interested please e-mail Kristi. The panels will be exhibited in the United States, and in 2010 they will be sent over to Egypt to be exhibited at the Pyramids. It would be great to have at least Tiffin University panel in the nearly 12 miles of panel that they are hoping to send.
